

HOBBY PRESENTS NEW SEMI-INTEGRATED VEHICLE AND NEW LAYOUTS AT THE CARAVAN SALON DÜSSELDORF 2019

The new Hobby OPTIMA ONTOUR will be unveiled to the public at this year's Caravan Salon in Düsseldorf. Thanks to its excellent price-performance ratio and four attractive layouts, the model perfectly complements the company's semi-integrated portfolio. With the new 560 FC and 720 WQC models from the PRESTIGE range, Hobby focuses on intelligent space solutions and a home-from-home atmosphere in the caravans. Visitors can take a look at all the latest from Hobby and its extensive product range at the impressive stand in Hall 9.

MOTORHOMES

With the new OPTIMA ONTOUR, launched for the 2020 season, Hobby is extending its portfolio in the entry-level semi-integrated segment. The range comes with four attractive layouts: the T65 FL with one double bed, the T65 HFL with one drop-down bed and one double bed, and the T65 GE with two single beds. A new addition to the range is the T65 HKM, which has a 2-tier bunk bed and a comfy drop-down bed. This family-oriented layout can comfortably sleep up to six people.

Hobby has completed the successful OPTIMA ONTOUR EDITION range of vans with the V65 GE and V65 GF models. Ready for the 2020 season, the V65 GQ layout features the first island bed solution in a van. Despite its compact external dimensions, the vehicle boasts a spacious sleeping compartment. The island bed is easy to access, position-adjustable, and offers extra storage space underneath the bed.

CARAVANS

Hobby offers the ideal solution for every situation. One of the company's strengths is developing intelligent room concepts with lots of space and a feel-good atmosphere. The two new PRES-TIGE layouts are further proof of this. The 560 FC features a generously sized double bed with a washroom to the side. The tandem-axle 720 WQC comes with a large, pull-out island bed and a spacious en-suite bathroom. Both layouts also contain a modern L-shaped kitchen with plenty of room for cooking and storage. The huge couch seating area at the front of the vehicle, which can seat up to eight people, is especially cosy.

In between the Hobby caravans, motorhomes and vans, trade fair visitors can also discover the Hobby merchandising world. They can purchase jackets, shirts and waistcoats with the Hobby logo as well as a range of accessories. From 31 August to 8 September 2019, the North German caravan manufacturer will be presenting its new highlights and extensive product range at the Caravan Salon 2019 in Düsseldorf, the world's largest trade show for leisure vehicles.
