

HOBBY'S ENTRY-LEVEL CARAVANS FOR THE 2024 SEASON

Fockbek, 07 august 2023 – Camping is still one of the most popular types of holiday. Every year, more and more couples and families decide to make their dream of owning their own caravan come true. For these newcomers to caravanning, Hobby offers two model ranges that are ready to hit the road from day one thanks to the "HOBBYKOMPLETT" ALL-INCLUSIVE PACKAGE. The Hobby ONTOUR and Hobby DE LUXE will have a new exterior design for the 2024 season. The interior is also far more modern.

THE NEW ONTOUR – ENTRY-LEVEL CARAVAN WITH ALL THE BELLS AND WHISTLES

BERTHS FOR UP TO THREE CHILDREN

Couples and small families love the ONTOUR. With a width of 2.20 m, the entry-level caravan is the perfect size for reversing and manoeuvring, especially for new caravan owners. Weighing from 1,200 kg upwards, it's also suitable for smaller towing vehicles and electric cars. Three ONTOUR layouts – the cheapest costs from 20,310 euros – mean customers have the choice between single beds or one double bed.

Thanks to its bunk bed, the ONTOUR 470 KMF children's bed layout can sleep up to five people. The entry-level caravan is also equipped with everything that's needed for a great holiday when it leaves the factory thanks to the **"HOBBYKOMPLETT" ALL-INCLUSIVE PACKAGE**. Unlike the rest of the industry, there are no optional packages or compulsory add-ons with Hobby.

A NEW EXTERIOR DESIGN FOR ALL CARAVANS

Like all caravans, the ONTOUR will also feature a new exterior design for the 2024 season. Dynamic flowing lines, seamlessly integrated manoeuvring handles and new stylish rear lights ensure that the caravan has a sporty and harmonious appearance. With new modern furniture and upholstery, the interior of the ONTOUR has also been thoroughly updated. Wall units with clean, grey lines make the habitation area look more modern and cosy. The anthracite-coloured kitchen is the perfect match for the minimalist, uncluttered look.

WIDE RANGE OF DE LUXE MODELS

With the DE LUXE, Hobby offers a wide range of models and high degree of flexibility, which is unusual for entry-level caravans. Both couples and families will find the perfect layout with 14 models to choose from. A total of five different children's bed solutions make the DE LUXE particularly popular with families. Thanks to the manually-operated drop-down bed above the U-shaped seating area, the compact DE LUXE 515 UHK has a total of seven berths. As a result, even older children can avoid having to sleep under the awning.

Given the variety of DE LUXE models, it is up to camping fans to decide whether they want bunk beds, single beds, a double bed, an island bed or space-saving drop-down beds. Thanks to the “HOBBYKOMPLETT” ALL-INCLUSIVE PACKAGE, many features are already included right from the start.

BUILT FOR FAMILIES

The large central seating area in the DE LUXE 545 KMF and DE LUXE 560 KMFe is a clear advantage for large families. Measuring 2.50 m in width, these models have plenty of room for eating, playing, crafting and relaxing. Thanks to the new design featuring light-coloured furniture and upholstery, matt white wall unit doors and the anthracite-coloured kitchen, the DE LUXE exudes an even cosier feel in the 2024 season. The revamped exterior design also ensures that the caravan makes a stylish first impression.
